Market Review

Global equity markets experienced a sharp sell-off in February amid rising concerns over the impact of COVID-19 virus on economic activities and global growth. On the local front, weak sentiment from lower-than-expected 4Q19 GDP growth (+3.6% YoY) and unexcited corporate earnings was exacerbated by political turmoil following Tun Mahathir's resignation as Prime Minister and the ruling government lost its Parliamentary majority. The King has later appointed Tan Sri Muhyiddin Yassin as the 8th Prime Minister of Malaysia but we still do not have cabinet in place in February. A stimulus package worth RM20b was unveiled but FBMKLCI still closed 3.2% lower while FBM Emas Shariah registered a decline of 3.7% in local currency terms in February 2020.
