Market Review

FBM KLCI and FBM Shariah Index declined 2.5% and 1.1% respectively in July. Meanwhile, the FBM Small Cap Index was flat at -0.01% for the month. The recovery momentum remains challenged as the market grapples with continued total lockdown amidst COVID-19 cases remaining elevated at peak levels and political uncertainty resurfaced with the reopening of Parliament at the end of the month. Nevertheless, Prime Minister Tan Sri Muhyiddin Yassin said most states are expected to transition to phase four of the National Recovery Plan as early as October, given the continuous efforts to push the recovery process and immunisation programme. Foreign investors remained net sellers of RM1.3 billion in July 2021, taking year-to-date net selling to RM5.5 billion. Brent crude oil rose 1.6% to USD76.3 per barrel while CPO increased 21.4% to RM4,369 per ton. Ringgit fell 1.7% MoM to 4.22 against USD in July.
