

AMANAH SAHAM BANK SIMPANAN NASIONAL (ASBSN)

Fund Objective

The investment objectives of ASBSN are to seek medium to long term capital appreciation of the Units through investment in the equity markets and to seek income opportunities by investing in high income yielding securities and interest-bearing instruments.

Market Review

The KLCI Index fell 2.3% MoM in May to close at 1683 points, pressured by persistent foreign selling, weaker-than-expected 1Q26 corporate earnings, and heightened geopolitical tensions in the Middle East. On the domestic front, Bank Negara Malaysia maintained the overnight policy rate (OPR) at 2.75%, while GDP growth moderated to 5.4% YoY in 1Q26 from 6.2% in 4Q25. Market sentiment was further dampened by speculation surrounding a potential early general election. The three best performing sectors were technology (+19%), utilities (+2.8%) and healthcare (+2.2%). Meanwhile, the three worst-performing sectors during the period were energy (-7.4%), consumer (-5.9%) and plantation (-4.9%).
